

# List of Gaudí buildings

---

**Antoni Gaudí** was an architect from Catalonia, Spain, who belonged to the Modernisme (Art Nouveau) movement and was famous for his unique style and highly individualistic designs.

As an architecture student at the Escola Tècnica Superior d'Arquitectura in Barcelona from 1873 to 1877, Gaudí achieved only mediocre grades but did well in his "trial drawings and projects."<sup>[1]</sup> After five years of work, he qualified as an architect in 1878. As he signed Gaudí's degree, Elies Rogent declared, "Qui sap si hem donat el diploma a un boig o a un geni. El temps ens ho dirà." ("Who knows if we have given this diploma to a nut or to a genius. Time will tell.")

The newly named architect immediately began to plan and design, and remained affiliated with the school his entire life.
